## ABOUT US

Fitrah Academy is a non-profit Islamic Immersion Program where we are dedicated to nurturing the hearts and minds of our young Muslim generation, empowering them to embrace their unique identity and embark on a journey of lifelong success. Our visionary 5-year program is designed to equip children with a comprehensive skillset, blending the wisdom of Islamic teachings with essential life skills.

## OUR VISION & MISSION

Fitrah Academy envisions a world where young minds grow strong in their faith and values, setting the foundation for a purposeful and impactful life. Guided by the philosophy of embracing Islam as a way of life, we empower children to develop a deep and unshakable connection with their religion.

## WHAT SETS US APART

Fitrah Academy distinguishes itself from traditional Islamic schools by revolutionizing the educational paradigm. While many Islamic schools incorporate a small percentage of Islamic studies, we flip this approach around. Our program begins with a solid foundation of Islamic studies, including Hifdh, Quranic Arabic, and Tafseer. As the months and years progress, we gradually integrate secular subjects such as STEM and entrepreneurship, striking a harmonious balance between worldly knowledge and spiritual growth.

## OUR UNIQUE PHILOSOPHY

At Fitrah Academy, we believe in the power of diversity and innovation. Our approach stands out with the following principles:

### **Diverse Methodologies:**

We draw from the best teaching methods globally, creating a dynamic and effective learning environment that adapts and evolves to stay current.

### **Tailored Learning:**

We recognize and respect each student's individual strengths, weaknesses, and learning styles, fostering an environment where competence and growth thrive.

### **Team Learning:**

We break free from age-based segregation, embracing a team-learning model that promotes collaboration among students of all ages. Older students actively contribute to the learning experience, fostering a sense of community and mentorship.

### **Facilitators of Learning:**

Our educators are skilled facilitators, inspiring creativity, critical thinking, and accountability. They empower students to take ownership of their education, sparking a lifelong love of learning.

## EXCLUSIVE EXCELLENCE

Fitrah Academy stands as a unique beacon, offering a one-of-a-kind educational path that merges faith and skill. Our full-time program, led by the esteemed Shaykh Ahmad Wardak, fosters companionship, brotherhood, and a supportive community. Unlike any other, our program is meticulously crafted for families who share our belief that a strong Islamic foundation is the cornerstone of a meaningful life.

## AGELESS WISDOM

While our program is designed with ages 5-10 in mind, we recognize that true potential knows no bounds. We interview families to ensure a harmonious fit with our values, fostering a diverse and enriched community.

## INSPIRING FUTURES

At Fitrah Academy, we inspire hearts, ignite minds, and shape futures. Join us in this transformative journey as we empower the next generation of confident, capable, and compassionate Muslim leaders.

## ISLAMIC EXPERIENCE

Through our exclusive program, we offer a transformative educational experience that encompasses:

### **Hifdh & Tafsir:**

We are committed to nurturing a profound love for the Quran, and within our 5-year journey, we aim to guide your child to complete their Hifdh.

### **Arabic & Sunnah:**

Immerse your child in the beauty of the Arabic language and the teachings of the Prophet ﷺ, cultivating a prophetic way of living. Our program aims to teach the Arabic language, providing a strong foundation for a deeper connection with the Quran.

### **Islamic Studies:**

We weave engaging stories of the Prophets and delve into the depths of Tafseer, enriching your child's understanding of Islamic principles.

### **Entrepreneurship & Leadership:**

Cultivating skills that empower our future leaders to thrive in a dynamic world.

### **Healthy Lifestyle:**

Promote physical well-being and healthy eating, vital for holistic growth.

### **Public Speaking:**

Equipping children with the confidence to communicate their ideas with clarity and impact.

## SECULAR EXPERIENCE

At Fitrah Academy, we recognize the importance of providing a well-rounded education that encompasses both Islamic and secular subjects. While our primary focus is on Islamic learning, we also incorporate core secular subjects such as Math, English and STEM to ensure a comprehensive and balanced curriculum for each child. We follow the homeschooling guidelines established in Ontario, while infusing our unique approach to education.

Fitrah Academy recognizes the diverse learning paths of our students, including those who wish to accelerate their education. For middle school students aspiring to enroll in high school-level courses, there are several options that align with Ontario guidelines. Some of these include advanced courses through the "Virtual Learning Centre" or the "Independent Learning Centre". These provide a flexible way to access high school-level subjects online, allowing students to learn at their own pace while receiving guidance and credits towards their high-school diploma from qualified instructors. We can also work with students and parents to facilitate dual enrollment options, allowing middle school students to take selected high school-level courses concurrently. This approach enables students to challenge themselves academically while nurturing their faith and character development.

We believe in fostering strong communication between educators, parents, and students. Regular updates and parent-teacher meetings are integral to our approach. Parents can actively engage with our educational process, ensuring their child's development in both Islamic and secular subjects.
